Natural Resource Projects & Practices > Riparian Improvements

The Neher Park Project is roughly 1 mile east of Shoshone on the Little Wood River. The Wood River SWCD is working with Lincoln County Recreation Board and other agencies to create this park. SWCC is asked to help give input to plan and design a project to meet oversight of IDFG and IDEQ in using court settlement monies to fund riparian and habitat restoration of the Little Wood River as it runs through this proposed park.
